

March 2017 Recruitment Progress

The figures below represent the number of people who have agreed to take part in TONiC.

Since the TONiC study began back in 2012, we have received an overwhelming response from patients with MS and MND. The majority of these patients have joined from clinics across England. We now have **26 MS sites and 27 MND sites open**, with plans to open sites in Northern Ireland and Wales very shortly. Patients are welcome to self refer to the study and for information on how to do this, please refer to the Phase 3 tab in the “About TONiC” section of our website.

Figures correct as of **06.03.2017**.

<u>Phase</u>	<u>MS</u>	<u>MND</u>
Phase 2	6,361	1019
Phase 3 including carer	8,350	1680
Phase 4 including carer	2900	342
